

ISP ORGANIZER INCENTIVE CREDIT

ISP recognizes the many hours of dedication involved in organizing a youth lacrosse team for the winter league. As a thank you to the designated team organizer, ISP has established the following organizer incentive program:

1. The team must be registered in the boys youth or girls youth league (grades 5 through 8).
2. Teams with a roster size of 19 or more players brought in by the “designated team organizer” are entitled to ONLY the **19th** player registering free of charge.
3. Teams with rosters that are smaller than 19 players as established by the “designated team organizer”, which ultimately have free agents or other players added to that roster, are not eligible.
4. The league participant on each eligible team as established by the “designated team organizer” shall play in the league at no charge. ISP will assist the league participant in registering for the league so that no expense is incurred.
5. Only 1 “team organizer” qualifies for each team and as such, only one organizer credit per team will be given.
